Irving PD

Daniel Orona

Irving police issued an alert Monday morning for a three-year-old boy who has been missing since Friday.

Investigators said Daniel Gabriel Orona is believed to have been with his mother when she was murdered at a Motel 6 in the 2600 block of West Airport Freeway.

Relatives told police that the murder victim had a common-law husband—Ernesto Orona, 29—and the three had traveled to the Dallas area from Mineral Wells for the weekend.

Officer David Tull said police they do not know where the child or his father is, and they are concerned for the welfare of both.

While the circumstances surrounding Daniel's disappearance do not meet the requirements of an Amber Alert, Officer Tull said Irving police have decided to ask for public help in resolving the disappearance.
