Aeryn is an American United Nations Employee (UNIDO) in Austria. Aeryn had talked to one of his UN co-workers on the phone at 7:20 PM on October 29th the day he went missing. The Co-worker stated that nothing in the conversation was out of the normal, and Aeryn was in a good mood.

Aeryn was last seen at Kauserbrundl Sauna in Vienna. There are several conflicting reports from the Manager, Staff, and local Law Enforcement as to what time Aeryn was last seen at the sauna.

Employees of the sauna stated that a couple of tourists started a fight while visiting the Kauserbrundl Sauna, and Aeryn possibly became involved in the confrontation. Employees further stated that he may have been injured during the fight. His personal belongings including his back pack, clothing, wallet, credit cards, and cell phone were left at the sauna, and recovered by Law Enforcement 3 days after his disappearance.

According to Aeryn's mother, Law Enforcement stated that he committed spontaneous suicide because he was a gay man. Aeryn is still missing, and his family is desperate to find him. According to the family they have tried to get the local government, and authorities to search for him, but their position on the case is that Aeryn is a gay man that committed spontaneous suicide, and there is nothing they can do.
