*Providing Search & Rescue/Recovery Crisis Intervention Services For Missing & Abducted Children and Adults*

Dear Members, Volunteers, and Supporters

United Response Search & Rescue Team has some exciting news!! We've just Started Our **Cell Phones For Searches Recycling Program**. We have teamed up with a company that refurbishes/recycles cell phones and ink cartridges, iPods, and Lap Top Computers. The company will pay us top dollar on the items we collect, allowing us to raise well needed funds. The great part about this fundraiser is that we are not asking anyone for money, **all we want is their trash**.

Not only will this help our organization raise desperately needed funds, but we will also be able to provide Victims of Domestic Violence cell phones that they other wise would not have.

We have boxes available to set up as collection bins, and envelopes/mailers that we can send out for individuals to mail there cell phones directly to us, and all are shipping prepaid! So there is no cost for anyone to donate these items! This is an awesome opportunity for us to participate in while supporting our mission, community, and environment.

How the program works: Clearly marked collection bins, will be placed at various locations. You can drop off your recyclable cell phones, iPods, and cartridges whenever it's convenient for you, or we can send you mailers. Special arrangements will need to be made for collecting laptops.

We also could use your help in finding locations to set up our collection boxes. Please let us know if you think your company or church would be willing to allow us to set a collection box at their facility for their employees, or members.

A couple of interesting facts you should know is that every second of every day **9-ink cartridges are thrown away**? Also the average household has between 3 to 6 cell phones in a junk draw just taking up space. Just imagine if we could collect all those cartridges, and phones....Help us turn this Trash into CASH! Please donate your cell phones, iPods and cartridges to United Response.

Not only is this a easy way to raise funds, but it also teaches valuable lessons about the variety of materials that can be recycled and helps develop life long patterns of recycling.

This program will not be successful without the support of our members, volunteers, supporters and the community, so if you can help place these envelops or collection bins, please contact Dana Ames for assistance.

Thank you for your continued support, and please donate.

Sincerely,

Dana Ames
