Dear Ms. Ames:

On January 25, 2005, Ms. Christine Killgore and Ms. Jenna Zaby of your agency provided valuable assistance and resources in the search of a possible crime scene related to the current Kidnapping investigation of Mr. Oscar Sanchez. This potential crime scene was discovered in a heavily wooded area and required many departmental and other support agency resources to properly search for the victim and related evidence.

Please allow me to commend Ms. Killgore and Ms. Zaby for their efforts and express my sincere appreciation to the United Response Search and Rescue Team for your support.

Sincerely,

DAVID M. KUNKLE
