

Dear Mrs. Ames,

This letter is being written to thank you and everyone involved in the search for my niece Opal Jo Jennings. The job that United Response Search And Rescue Team did for our family was truly outstanding. It was well thought out, carefully planned and well executed. I was truly overwhelmed by the hundreds of volunteer searchers you were able to bring in to assist on the search for Opal. URSAR Team brought in more resources than we had ever imagined, everything from a Mounted Horse Search Team, Canine Search Teams, 4- Wheel Search Teams, Pilots and Aircraft, to Divers on Stand by. The resources that were used are resources that small police departments do not have at their disposal. Anything that was needed for the search somehow you seem to be able to come up with, and you did this at no charge to our family. If we had to pay for these services there would have been no way that we could have afforded it. It is our families desire to be an active integral part of this fine organization that helps families like ours in a time of crisis. We know the pain and anguish that these families experience when a child or loved one is reported missing, and we also know how very important it is to have a organization like United Response Search and Rescue Team there to assist in the search when a loved one is reported missing. It is with deep heart-felt gratitude that I send this letter of appreciation to you. Thank you for all your effort and support that you and United Response has given to our family during our search for opal.

Sincerely,
